Notes.

Rocco Olivier

We have built this itinerary to include as much as possible as per your request, based on a specific budget. Please advise if we can change any legs / we can also do this trip in reverse, should you wish. Depending on your preference, you could leave straight to the park instead of spending a night in Windhoek, considering gates will close at specific times, perhaps spend one night less in the park, and this could allow us to extend your trip all the way down to the Fish-river canyon, if this is something you want to include / much driving, but doable.....

Once we confirm the trip, we will provide you with more details, and then also start confirming space . We look forward to be of service.

Should accommodation not be available, we will search for similar or better.

We now have included breakfast all-round.
